JAY D: Ridin and Sidin East Coast, Hip Hop 14 MP3 Songs HIP HOP/RAP: Rap, HIP HOP/RAP: West Coast Rap Details: About Stone Wall Recordz Stone Wall Recordz is an independent record label started in 2003, so it is fairly new, but with great potential. Stone Wall is also in collaboration with RamRock Music. Together, we want to challenge our ability to make an impact on our youth today. My feelings on music is that it should not only entertain, but give you something that you can relate to. There are times when you can also teach through your music. It is a gift that God has given us, but we have to be careful how we use it. I would like to put out music that would give young people something other than what is being portrayed by a lot of artist today. By that I mean, the cars and the jewelry is fine, we all want nice things. but there is more to life than these things. That will not help you when it comes to dealing with real life issues. That is something I would like to touch on in some of the songs that I release on my label.
