Alternative Hip-hop with a schizophrenic mixture of freakish charm, creepiness and delightfully disturbing lyrics. 14 MP3 Songs HIP HOP/RAP: Alternative Hip Hop, HIP HOP/RAP: Hip Hop Details: K2X8 is a collection of songs that have been described as abstract, dancy, creepy, alternative, experimental hip-hop, trip-rap and a lot of "we don't know what to call that". The Artist, Patty Bullet (a.k.a. Kat Kupelian) is a self taught musician, skilled in the artful mastery of intertwining malarchy with music. She produces, engineers, records and masters all her songs alone in her studio while drinking beer, smoking and laughing at the absurdity of her own music. She's also a genius with an IQ of 189..ok,we're lying.. it's 133. Born in Chicago, Il. Patty started her musical career where mosty musicians start.. Band. It must be noted, however, that Patty NEVER went to band camp. Over the years she has mastered the flute, saxophone, drums, bass, guitar and keys. She then stepped across the threshold to master electronic and digital recording. She played with a band called Friends of the Enemy in Houston, Texas for 2 years before the unfortunate disbanding of the band over someone using up all the bandaids. K2X8 is the side project and freak show that is now Patty's main attraction. The end result is K2X8. A Delightfully creepy and schizophrenic blend of a genuis's frustration with the world.
