This God/man is also the creator of all..Jesus. My love for Him is basically summed up in the variety of genres explored in this group of songs. Part of my heritage is from the deep south where modern music was born. I progress to a modern power ballad then revert to the smokey jazzy mantra simply entitled, MARY. People try to box my sound as soft rock but I wish to remain liberated as a noncategory. I wish I could show you my heart and show you the depth of gratitude within. Gratitude for Him saving a wretch like me. "Worship you" was written on tear soaked paper. I love all types of music as long as the lyrics go somewhere and they exalt the wonderful name above all names. I was courted by Sony for unknown reasons but was dismissed after refusing to break away from my roots. I probably won't sell many of this first record, but I had the chance to do what I though evoked the highest amount of worship and praise in my heart. I hope you take the time to listen. God Bless. It's all about Him!
