Hardcore Metal from Central OHIO. 7 MP3 Songs METAL: Metalcore, METAL: Heavy Metal Details: Lost Soul Project was formed in the summer of 2000, by 4 Lost Souls from "CowTown" Newark OHIO with one thing in mind, to write and perform music that is heavy, and straight from the soul. From the brutal hardcore, sometimes melodic vocals of Jonesy, to the heavy complex distorted guitar riffs of Butch, to the ground rumbling tempo of Jay's fat bass. All the way down to the high energy metal groove that is Jeff beating the hell out of his drums. Influences include: Pantera, Machine Head, Slipknot, Meshuggah, HateBreed, and many more. They set themselves apart from other bands in the metal genre by their dedication and strong friend/ family bond (Jeff and Jay are brothers). This is Lost Soul Project. Take it or Leave it. L.S.P is currently working on new material for the new CD. They will be going back to John Schwab Studio(Columbus OH.) to finish recording tracks. They have 10 new songs to record and mix, so everyone be patient, it will be worth the wait!
