I have written the music and lyrics for all the songs on this CD, and I have a wonderful singer, Patricia Long, and great piano and bass players Bob Vigoda (piano) and Sy Zucker (bass). These are longtime musical colleagues of mine, and their performance is just perfect. I'm playing alto saxophone, and I couldn't have asked for a better group of musicians to interpret my music. Over a period of many years I have played behind many of the great singers of our era; Nat King Cole, Johnny Mathis, Frank Sinatra, Sammy Davis Jr., Peggy Lee, Steve Lawrence and Eydie Gorme, Pearl Bailey and Tony Bennett. I have also played with guitarist Charlie Byrd, drummer Louis Bellson, and other great players for many musical and TV productions. After playing music written by others, I wanted to create something of my own; a legacy, so to speak. So finally, here it is! Please enjoy it with me." -- Bob Silberstein
