Music for children and young people that tells an important story. 11 MP3 Songs KIDS/FAMILY: Children's Storytelling, KIDS/FAMILY: Kid Friendly Details: No one knows what happened in the Garden of Eden after Adam and Eve were sent away forever. What did the animals do? How did they take care of themselves? It must have been an adventurous time. In the first of these stories, animal friends decide to go to a distant and forbidden place. A monster captures one of them. Village friends decide to go and rescue him. Sometimes we listen to and follow others who want us to do things we should not. That can lead to big problems. We have to remain strong against those who try to get us to do wrong. This Music and Play shows us why it is good to obey and tell the truth. We must also pray, and be ready to forgive. An example is told in story and songs. We pray that these lessons will become a part of the lives of all who perform, see, and hear this work. We hope it will make you think and influence you and others in a positive way. Sue L. Adkins is an author of Childrens books with music, a playwright and actress. She is a graduate of Texas Womans University and Southern Methodist University Graduate School. She lives in Plano, Texas with husband Henry. They have three children.
