Stripped down indie folk in the spirit of Paul Westerberg, Nick Drake and Robyn Hitchcock 15 MP3 Songs
FOLK: Folk Pop, ROCK: Folk Rock Details: Falling Scenery Converts was recorded by Mike Brewer at various times and places, from hotel rooms in NYC and LA to outside at a farm in Southern Ohio. Using various software on the ole laptop trying to make music in whatever window life allows. It's not perfect but it's real, just the best take at that moment in time or the only take in that moment in time. Mainly all first take stuff, straight from the artist to ones and zeros, and now to whomever listens.
