Mix Tangerine Dream, Vangelis, Oldfield and Jarre together and you have a good idea about Tiffany's debut album, an extremely diverse array of electronic chill-out music...prepare to Escape. 10 MP3 Songs

ELECTRONIC: Down Tempo, ELECTRONIC: Ambient Details: Escapism is Tiffany Lunn's superb debut album, the tracks on the album fall into the categories of Chill-out, Ambient, Relaxation, New Age and Instrumental Electronic/Synthesizer music. The music is very unique and unusual. It is perfect for relaxation, mood setting, romance, driving or studying...in fact any time you need soothing music 'Escapism' is perfect. However, play the music loud and it is wonderful to uplift and enliven your mood, great for exercise, driving, work etc. and of course in its own right as fantastic electronic synthesizer music. As the title suggests 'Escapism' is ideal to achieve a break from this hectic world...well at least for an hour anyway. Tiffany was born in Stoke-on-Trent, Staffordshire, England on 24th May 1977. Obsessed with music since the age of five, she started playing the keyboard. She composes, produces and records all of her music, and performs it using the Korg X3 and Korg Triton LE keyboards. She is also a talented drummer and singer and has performed with several bands. Since sixteen, she has pursued her career and has since gained many qualifications, hence a National Diploma and Higher National Diploma in Popular Music and Sound Recording. More recently gaining a BA(hons) Degree in Popular Music.
