"You get so alone at times that it just makes sense" C.Bukowski. Music for people who need music. 16

MP3 Songs ROCK: Acoustic, FOLK: Power-folk Details: Walker and the Brotherhood of the Grape.

Walker Hornung has been a part of the New York City music scene for years, from Q-South, Soca duets with Machel Montano, to the Brotherhood of the Grape. The 3rd release from Into the Whip records "The One and Lonely" is vintage Walker, songs that remind us we are all apart of it, whatever it is! Urgent vocals and blunt lyrics played by NYC musicians that were born there and live in the heart of it all.

"Almost Homeless" and "Bar-Humbug"(Into the Whip Records) were testing the water, The One and Lonely is drowning in it. Listeners who ask more than 2 pop tracks and filler, this is a must own! A record in the classic sense!
