Doc Lewis had been in love with Rocky Rodriguez for more years than he could remember but he always knew that his wish to be with the man would never come true. But when circumstances throw them together in the Seelie Court, something changes and the two men give into the desire between them. Their encounter ends with Rocky making a comment that drives Doc from him with a broken heart. Doc decides he needs to put plenty of space between him and Rocky and going on a mission back to the human world seems like just the thing. Only, the mission doesn't turn out quite like Doc expected when he meets, Monte, the Seelie Elf he's been sent to rescue. Monte is unlike any man he's ever met and Doc falls quickly for the little elf, bonding with him. But they're being held by government scientists in a secret research facility. Escape is their only possible way to be together, especially after the lead scientist grows concerned over how close they've grown to each other and threatens to separate them. Between fighting for their lives, the misgivings that fill them all when Rocky arrives to rescue them, and the lack of prenatal vitamins, can these three men find each other? Or will they lose everything because of their doubts?

chanted as he moved his body up and down Rocky's cock. "I've waited so long to feel this, to feel you." Before Rocky could think further, all thoughts were driven from his mind when Doc settled down fully on him. Every inch of his cock was inside Doc's ass. A niggling notion entered Rocky's mind. He didn't ever want to leave. He never felt so much pleasure as he did buried balls-deep inside Doc's silky heat. "Doc," Rocky rasped. Doc's hands landed on his chest. His fingers moved over Rocky's nipples. Rocky couldn't keep a deep cry from leaving his lips. Each tug of Doc's fingers on his nipples seemed to have a direct line to his cock. He panted, surging into Doc then crying out again as more heat enveloped his cock. His mind exploded with pleasure when Doc began to move his hips, impaling himself on Rocky's shaft, over and over again. "Fuck! Doc!" Rocky bent his knees and planted his feet on the mattress, pushing up to drive himself into the man above him. At the same time, he gripped Doc's waist and pulled him down, their bodies meeting in the middle. Rocky looked up to see bright green eyes staring down at him. The intensity of Doc's gaze burned across his skin. He felt a sensuous light pass between them, unlike anything he'd ever felt before. The sensation seared him down to his toes. A feeling so powerful it made the light fade around the edges of Rocky's eyes rocketed through him. He felt his cock swell, throb. His hands clenched against Doc's hips as he bucked up, burying himself inside Doc's tight ass as far as he could go. "Pete!" Rocky roared as ecstasy took hold of him and refused to let go. He dimly heard Doc cry out above him, the feel of Doc's inner muscles clamping down on his cock just enough to send him over the edge. Rocky abandoned himself to the whirl of sensations surrounding him. He felt his cock pulse and throb, filling Doc with his release even as his chest was covered by the man's hot, wet cum. Rocky panted, catching Doc in his arms when the man fell forward. He could feel Doc's heart beating against his chest, the harsh brush of Doc's breath across his neck. Rocky stroked Doc's sweat-dampened back, stunned by what just occurred. Amazing, life altering. Rocky remembered Zack's words and chuckled lightly. "That was nothing like fucking a woman."
