

Moon Loon - Sandy Ferguson Fuller

In the dark, soft night, the haunting call of a single loon echoes over a moonlit lake. All through the day, only one magnificent black and white bird scribes ripples across the surface. Why is he so alone? Moon Loon is an evocative, gentle bedtime story about a girl who is fascinated by this solitary loon. Through richly layered colored-pencil illustrations, we follow the girl's musings on the loon from spring through fall.
