Hand-crafted, intricately-carved music for coffee people. A hand-picked blend of humor and worldbeat rhythms designed to perk you up and kick-start your day. 15 MP3 Songs WORLD: World Fusion, JAZZ: Smooth Jazz Details: Wow! As usual CDBaby has surpassed my expectations. "Morning Coffee Music" was barely hot off the CD waffle machine and they had it featured on their new arrivals! But it's OK to place an order - it will reach you in the nick of time! Each song will also be available individually at itunes, rhapsody, eMusic and nearly every other digital download store on the net. The rough CD samples to your left have been purified and re-mastered, roasted to perfection and ready to send to you. In our world inundated by distressful news I hope I have created something to soothe the waking working creature. "Morning Coffee Music" makes a unique anytime surprise gift for anyone who gets up every morning and has coffee (globally that's just about everybody!). And it's neat to listen to every morning. These are mostly instrumentals I have filed away during the years. As I listened I realized they all had different coffee flavors aromas moods colors. Perfect for morning coffee! Enjoy..... Two songs have lyrics: Digital Video Love is about internet romance. BEWARE! If you have to get involved online be sure and get full disclosure. OK? So Far Away: I could not resist tagging the CD with this dedication to those serving from every country in the armed forces. Globally they are right there on the TV. Relationally - will they ever return? Please get home safely. We miss you. We love you. I had a some great times recording these songs. I hope this compliments your habit! 2 sugars, please..... Cpt. Matt .
