American folk-rock 11 MP3 Songs ROCK: Folk Rock, ROCK: Americana Details: "WaterKing" marks the second album released by Los Angeles based recording artist Chris Laterzo. Its eleven tracks weave among the blurred boundaries of rock, folk, and alternative country. Produced by Denny Weston, Jr., Tyrone Stevens, and Laterzo, "WaterKing"'s anthems and ballads are charged with electricity, lyrically offering the listener glimpses into the journals of the forlorn wanderer. "WaterKing" is a natural and welcome follow-up to "American River"- Laterzo's sprawling and predominately acoustic-based debut album. "...Laterzo has kept his eyes forward, and his remarkable songwriting skills honed to a diamond-sharp edge." -Albuquerque Alibi "Laterzo's melodies will float after you like a lingering waking dream..." -Flagstaff Live
