The songs invite children's imaginations to soar. 16 MP3 Songs KIDS/FAMILY: General Children's Music, KIDS/FAMILY: Children's Storytelling Details: "Allie and Gus" is a musical adventure for children. It follows Allie the alligator and Gus the pegasus on an awesome journey where they meet many different animal characters. Parents have described the original songs as "a breath of fresh air" in their kid's music collection. "Allie and Gus" also includes a full color 24 page CD booklet with original paintings of all the animal characters that Allie and Gus meet as well as all the song lyrics and dialogue. Gina Howell has been singing in Los Angeles for the last 17 years with the L.A. Master Chorale, L.A. Philharmonic, and L.A. Opera. While in college, Gina toured in several summer stock musical theater productions with stars including Jim Dale (voice on the Harry Potter tapes!) Pam Dawber, Bob Hope, and Ben Vereen. She's been composing since the age of 11. When her son, Benjamin, entered preschool, she thought it would be fun to write a song to sing with his class. "I am a Crocodile" was born, and the children had so much fun swimming down the river Nile and being crocodiles that Gina decided to write more songs for children. The creation of "Allie and Gus" has been an awesome journey filled with wonder and love. Gina's children, Benjamin and Eleanor, have inspired her creativity, and they have been her most important music critics! We recorded all the CD live at CalArts in Valencia, California.
