Original solo piano music channeled direct from spirit creating a meditative and thoughtful soundtrack for living. 8 MP3 Songs NEW AGE: Ambient, JAZZ: Piano Jazz Details: My name is Harlan Mark Vale. I am a musician. I live and breathe music. Without music, there is no life. I am also spirit. The journey that got me to this realization is also the journey that created the album, Bright Angel. The music I have created here is a free-flowing river of the Divine expressing itself through me. My formal music training began at The Evergreen State College in Washington State in the 70s, where I studied electronic music and audio engineering. Later, I performed with Trillium, The New Art Orchestra, and others creating free improvisational jazz and experimental genres playing piano, synthesizer and percussion. After years of playing and recording electronic music covering many genres, I have finally returned to my beginnings; the piano. This is where my hearts speaks to me most clearly. The album title, Bright Angel came about after spending time at the Grand Canyon. There is a feature in the canyon called Bright Angel Point as well as a trailhead by the name of Bright Angel Trail. These features are moving and inspiring by their very nature. While at the canyon, I discovered a baby grand piano on the mezzanine above the lobby at the El Tovar Hotel, situated on the South Rim of the Grand Canyon. It was here that I gave birth to the music portrayed on the Bright Angel CD. These pieces are my attempt to capture the majesty and serenity I feel being and performing at the Grand Canyon. As an interesting aside, I have conducted home studies of the music on the Bright Angel CD using standard muscle testing techniques. Listeners test stronger during and after listening to this music than they do before. I would be curious to find out if these results could be duplicated by others under more controlled conditions. The journey to this point has been long and winding, but worth the wait. I finally feel that the Universe and I are playing the same piano. Nothing on the album have I written, its more that I am allowing the music to emerge from me fully

formed. My job is to make the Divine connection, step out of the way and become the conduit for creative exploration. During my musical formative years, I had many heroes, idols and influences. I would like to give thanks to the following for creating some of the most enriching music on the planet. Listed in no particular order: Brian Eno Bill Laswell Bill Nelson Peter Gabriel Claude Debussy Hildegard von Bingen Le Mystere Des Voix Bulgares YES BT The Beatles Happy The Man Emerson, Lake Palmer National Health Steve Hackett, John Cage Herbie Hancock Charles Ives Miles Davis King Crimson Aaron Copeland Oliver Messiaen Igor Stravinsky Erik Satie Arnold Schoenberg Anton Webern Sun Ra Tangerine Dream Weather Report The Who Pink Floyd Peter Ilyich Tchaikovsky Les Paul, Todd Rundgren Frank Zappa Art Bears Ozric Tentacles Buckethead Sarah McLachlan Kronos String Quartet John Alkins Mark Isham Vangelis Patrick O'Hearn Danny Elfman Jerry Goldsmith Ella A Robinson The Chipmunks Spike Jones Russell Larson Daryl Johanson Dave Brubeck Robert Moog Chick Corea Keith Jarrett Don Ellis The Moody Blues Ennio Morricone There are probably more whose names I don't recall at the moment. But each and every one of these artists have helped me to form my musical identity. Thank you, one and all.
