

Mp3 Low Technicians - Remembrance

[DOWNLOAD HERE](#)

Electro-guitar pop with strong dance oriented roots. 11 MP3 Songs ELECTRONIC: Dance, POP: British Pop Details: The low technicians take the electro/guitar combination pioneered by such bands as New Order and Electronic and brings the sound into the 21st century. Tight electronic rhythms wound around powerful, melancholy songs. This full length cd "remembrance" released by Diffusion Records (diffusionrecords.com) is the second release by the low technicians in as many years. Their first cd "The Alpha Conspiracy vs. Low Technicians-forward rewinding"(also available through cdbaby.com) received radio and club play throughout North America and Europe. Sometimes club oriented, othertimes introspective. A must have for fans of guitar/synth-pop. The low technicians are: brian pearson---guitar, vocals, keys brad macallister---keyboards, sequences, vocals
