Sunshine French pop 13 MP3 Songs POP: Beatles-pop, POP: French Pop Details: Miam Monster Miam aka Benjamin Schoos is a belgian mad producer and a brilliant songwriter. He produces a bunch of weird bubblegum french pop lps on freaksville records (Jacques Duvall "hantises" , Juan d'Oultremont , Marie France) and has written a collection of melancholic roots folk songs (Soleil noir, Forgotten Ladies, L'histoire de William Buckner, Sophie Galet " Cyclus"). With his seventh album, Miam Monster Miam is more astonishing and amazing than ever. At 29 years old, Benjamin reinvents with "l'homme libellule " a french pop music which sounds familiar (Leo Ferr and Serge Gainsbourg and Franois Deroubaix are there), melodious, uplifting and typically absurds referring to the bands that filled with wonder and enchantement the past 30 years. A world apart, with the unexpected appearing after each note. Fans of bmovies and good pop music , Don't miss it !
