Olivia Whittle presents: A DOXOLOGY OF PRAISE Hear and experience another level of worship for such a time as this! Olivia Whittle is a mighty woman of God that is truly anointed- shes gifted with a melody, and its real. Her authentic harmonies will fill your heart, mixing the smoothness of Jazz with the soul of Gospel. Raised in Fresno, California, she began playing the piano at the age of six. She was singing and playing for radio, television, and local churches by the age of nine. At the age of 27 God told her, That which you fear, you will chase, but He didnt say how. Olivia soon learned that through her anointed praise and worship, there were testimonies of healing from demonic sickness and disease. When she ushered in the presence of God, miracles started to take place. God is highly exemplified not only in her music, but also in her lifestyle. Olivia is an evangelist, teacher, and ordained preacher. She believes that praise and worship is a mighty weapon of warfare. So, make sure you bump this CD in your car while youre driving....it will soothe the savage beast of road rage! BE BLESSED!!! I Samuel 16:14-23
