Details: "My career has been about heart and honest expression from the very beginning and Paul Jensen is one of the most expressive, sincere, and heart-touching artists I have ever encountered in my life." Will Ackerman "Paul Jensen's, "The Other Side" is very easy on the ears and a pleasure to have playing. There is a gentle calm that comes on when his music is playing which, as I have spent so much time listening to music, is better than the silence I seem to prefer these days. The spiritual aspect of this music may be its strongest compass. No matter where or when I put on Paul's "The Other Side", it's gently snowing outside, there's a fire in the fireplace and my world just slowed down." Steve Wood Film composer IMAX Everest and The Living Sea, Music producer of Sting, George Harrison, Dave Matthews Band
