It is a ghostly trip thru the wasteland of relationships. 6 MP3 Songs in this album (28:44) ! Related styles: FOLK: Alternative Folk, ROCK: Americana People who are interested in Bob Dylan Tom Waits Bruce Springsteen should consider this download. Details: Recorded in March 2004 - in a one Bedroom Apartment on West End Avenue (Nashville, TN) This is what a naive, wide-eyed 24 year old songwriter who is in way over his head in a new city (that is known for eating dreamers just like him alive) sounds like. Without knowing any of that, he vainly tried to make his Folk masterwork. These Six Tracks are by no mean expertly recorded, but they are some of the most real, raw, ragged, and utterly heartfelt stuff I've ever done. I believe it's some of the most unprofessionally exciting music you will ever hear to! Best listened to at late hours with a stiff drink...and the weight of the world on your shoulders. HA!
