There has been over 300,000 downloads of Webmaster Tools versions 1, 2 & 3 in the first 12 months of being online. Webmaster Tools - Black Label Edition is limited in distibution and is NOT even available from the Authors site. Webmaster Tools - Black Label Edition is a suite of JavaScript, HTML and CSS Wizards that will help create Eye-Popping pages with the simplicity of copy and paste. Just enter the variables and the wizards will write the scripts FOR you. Even if you already know how to write these scripts the wizards will eliminate typing errors and wasted de-bugging time. Use these 45+ great wizards and tools to easily create POPUP windows, POPUNDER windows, COLORED scrollbars, SPAM FREE email links link cloakers, banner rotators and MORE. These easy to use Wizards also include a SCRIPT TESTER and a HTML TO JAVASCRIPT CONVERTER. Both of these tools have a SAVE function that greatly enhances their usabilty and makes them a compulsory addition to your other web page creation tools. Webmaster Tools Black Label Edition contains the following wizards & tools:
