Somewhere between Santana The Grateful Dead you will discover Bamboo Rain, latin rhythmic grooves, inspired guitars, powerful ballads and emotional vocals with spirit. 11 MP3 Songs EASY LISTENING: Soft Rock, FOLK: Modern Folk Details: This was a totally independent project, I wrote, arranged, produced, recorded, engineered, mixed, played all the instruments, and did all the vocals. I hope you enjoy the music. The songs, Across the Line, Libertad, Bamboo Rain, Dance in Your Eyes and Up to You were improvised, both musically and lyrically. One take per track, I wanted to capture a live feel on these songs.
