Hailed as this generation's most revered sexual icons, Heather Hunter has proven for over a decade that she is more than a pretty face with skills in the erotic. Heather is the first African-American woman to boldly cross racial barriers into mainstream entertainment through adult film. Recognized by her loyal cult of fans and referenced in songs by heavy-weight rappers like Lil Kim, LL Cool J, Snoop Dogg and collaborating with Tupac Shakur, "Double H" has lent a strong hand in smashing taboos and leading the charge of sexual liberation. "I never really thought about it when I was doing it." Heather admits. "I just knew what I wanted to do and made it happen. That's just how I am." Hustling on the streets of Harlem and Brooklyn was tough on Heather who would ultimately use those rough times as fuel for her unwavering ambition to succeed. Blessed in the arts of writing, painting, singing and dancing, Heather Hunter jumped off her career in entertainment with a local R&B group when she was in her teens. Bitten by the showbiz bug, Heather continued to feed her hunger for creative conquest. At the age of 18, she auditioned for a spot as a burlesque dancer that eventually led to a featured spot of the X-rated film "Heather." Soon after, Heather Hunter became one of the hottest commodities in adult film and became the first and only African-American woman to be inducted into the Adult Film Hall Of Fame. Now a living pop culture staple, Heather has returned to her written roots with the album, Double H The Unexpected that brags the production wizardry of, DJ Premier and Scott Storch. Aaron Lyles, and her hot new music video "So Serious" featuring Wyclef Jean from gimmicks and other distractions from her talent, Heather Hunter gives the listener a three dimensional view into her complex mind. "People know me for many different things," she explains. "But they really don't know all of me. On this album, people get to find out what really makes me Double H." Keeping true to her unpredictable nature, Heather Hunter displays her

versatility with sharp edged songs like, "So Serious" and "In Love" that exposes her emotional thoughts. An album alone doesn't even come close enough to fulfilling Heather Hunter's insatiable passion for being number one. The soon-to-be crowned queen of media has penned her semi-autobiographical novel Where The Love Is and is releasing her collection of hedonistic art titled, The Hunter Collection. Heather is also releasing her acclaimed animated series Bullet Proof Diva in which she saves the world from an erotic yet evil hell. If there's one thing for sure, Heather Hunter isn't a woman to back down from a challenge; her extensive history proves it. With her remarkable sense of creativity and unbreakable work ethic, there's no doubt that Double H will plant her flag in yet another form of entertainment.
