An eclectic collection of originals and classic standards. A smooth, sweet voice that leaves you feeling good. 10 MP3 Songs EASY LISTENING: Crooners/Vocals, POP: Delicate Details: MICHAEL MARK sings and people say it just leaves them feeling good. Ten songs some you know, some you dont, some you havent thought about for a while. Tom Chapin pays a much-appreciated visit with his guitar, back-up vocals and songwriting collaboration. Jon Cobert is here for keyboard, vocal and talent support. Pianist Steve Michaels, drummer Neil Capolongo and John Amoroso on the trumpet complete this roster of musicians you often hear even though their names may be new to you. Michaels wife, Mary, makes a lovely singing appearance as well. Michael won a Drama Desk Award as a Featured Actor in the Broadway Musical, I LOVE MY WIFE. He was cast in the original production of Harry Chapins COTTON PATCH GOSPEL. Probably Michaels best-known composition is the theme song for the TV show ENTERTAINMENT TONIGHT. That is, unless youre lucky enough to have children or grandchildren who are four- to ten-year-olds. If you do, then you know that these days, Michael spends his musical time writing, touring and performing with Tom Chapin, sharing in Grammy nominations for Toms albums of family music. This CD is in response to audiences looking to take a little of Michaels love for music and singing home with them. Thanks for the visit. I hope you enjoy the CD.
