He has been an all around hip hop artist for close to a decade now, working along side some of the industry's platinum artist engineers, watching, learning, and now MR. MJ is developing a style that is all his own. With a delivery that is smooth but furious, hooks that catch you, and music that will make you party, crazy, angry, and make you laugh, all at the same time. He is willing to learn from all of this because of his hunger, faith, and his dedication to his first love. MR. MJ has had the opportunity to perform all across the country numerous times, and has traveled to Europe on three different tours. One of those tours he happened to be specially invited to the U.S. Army and the United States Ambassador to perform for the troops during the Iraq war in March 2003. MR. MJ was sent there specifically to lift the spirits and moral of our soldiers.

Back in the state's MR. MJ continues to entertain people. From public schools, and rap battles, to churches, and state prisons. This all in one artist has been perfecting his skills on a daily basis, and is now considered to be #1 draft pick for the west coast's up coming talent. A professional M.C., a writer, an engineer, and a producer, and has promoted himself with his own promotion team. Selling thousands of records independently for years now, MR.MJ hs got the image, the drive, the smarts and the heart to make a permanent impact on the indusrty. This is just one of the beginning for this young man, who is here for no other reason but to take over. From O.C. to the rest of the world, it's the future... MR.MJ
