Intense, driving modern rock with harmonic accents and layering. 5 MP3 Songs ROCK: Modern Rock, ROCK: Hard Rock Details: The Album 2 (Demo) CD is Nick Depew's follow-up work to his debut album, "Relevant Discord." This album picks up where "Relevant Discord" left off and gives the listener an idea of what is to come next. Specifically, the Album 2 (Demo) offers two new recordings of "Relevant Discord's" track 10, titled "Restrained." The new recordings better reflect the harder edge that Nick has begun to incorporate into his distinct modern rock sound. The new recordings of "Restrained" also portray a clearer picture of how this particular song is structured and presented when performed live. The other recordings on the Album 2 (Demo) are versions of two new tracks that will eventually be released on Nick Depew's second full-length studio album release. The new tracks are titled, "Fair-weather Friends" and "Divine Intervention." These songs also carry Nick's modern rock feel; however, like "Restrained," they too incorporate a hard-core edge and contain a rich texturing of background guitar layering, harmonics, and accents.
