Whatever the reason, these 21 and 18 year old brothers have been entertaining their whole lives. At very young ages the two were involved in numerous stage plays and school productions. Being born to a jazz guitarist father; a gospel-singing mother, the two always had a bond with music and the stage. The boys were 7 and 4 when they first rapped in front of over 500 people for a Christmas celebration in their Oakland, California neighborhood. From then on, both boys fell in love with rapping and the power that being on stage and in the spotlight brought. Over the years both young men began developing their individual talents for rapping. It wasn't until the younger of the two, El Nenyoy graduated from middle school that they formed the group we now know as the Dirty Mack'N Boyz (D.M.B). Both Ray and El made names for themselves in high school with live performances in the hallways and school cafeterias. Doing that helped create a buzz about the brothers throughout their native city of 1/2 million people. With Ray graduating from high school and El in his last year the two began recording their album. Due to lack of money they began recording the C.D by booking two hours in the studio at a time. Early on in the process of making the album their God- brother Damon "Trackz" Hurts came aboard the team as partner and financial backer. This union formed Railroad/DirtyMack'N Entertainment. Due to the high volume of snippet samplers of the album that have been passed out, the C.D have been highly anticipated in the San Francisco Bay Area.

Tha Dirty Mack' N Boyz were born for show biz. Know they plan to prove it.
