After reading all the information about Captain Howdy, listening to a few sound bytes (all 15 songs on the CD are available to hear), getting a vibe for the feel of the band and it's music, and maybe, even reading a review or two to get someone else's view of the CD, I'm sure you'll decide to sit back relax, and enjoy, in it's entirety, "The Spirit of Rock and Roll" from The Captain Howdy Show. So, what is the Captain Howdy show? Well, here's Reason #1 that you should not hesitate to add "The Spirit of Rock and Roll" to your CD collection; The Captain Howdy Show is a rock n' roll extravaganza, completely made up of and performed by only one man, Captain Howdy, himself. All the vocal parts, electric and acoustic guitars, bass guitars, piano, synthesizer, and organ parts, and all the percussion and drums are played by Captain Howdy. All the songs are written, arranged and produced by Captain Howdy, a la the multi-talent Phil Collins and the originalistic Lenny Kravitz. And take things one step further; the entire CD was engineered, mixed, and mastered by Captain Howdy to insure that the sound quality of the music properly portrays the true "Spirit of Rock and Roll." This is your chance to add a CD of higher caliber rock n' roll to your collection that is unlike any CD that you own. This is a truly rare CD, featuring a performance unlike any that you've ever heard. Reason #2 that you should add this CD to your collection: the CD is arranged and put together to simulate a live performance. "The Spirit of Rock and Roll" includes an Introduction to begin Act I, a three-minute acoustic Intermission, and ends with a hard-rocking Act II that culminates in the show-ending title cut, "The Spirit of Rock And Roll." This "show" was calculated piece by piece in an

all-out attempt to give the listener the feel and energy of a live show, and to be as entertaining and memorable as a listening experience can be. How many studio CD's in your collection can you say use the live format to its fullest, to produce a smooth listening experience from beginning to end? Again, don't pass up the opportunity to add such a rare performance to your collection. But let's talk about the music. That's what's really important to you. For any rock n' roll fan, there's something on "The Spirit of Rock and Roll" that will satisfy your thirst for new, exciting and refreshing tunes. There is traditional rock n' roll with "Rock n' Roll Queen," the old radio rock of "Ez Come, Ez Go," and "Laughing Jack," the California sound with "Dream Girl" and lots of energy-filled, fast paced rockers like "Little Miss Innocent," "Whiskey and Sin," "Tend To Your Garden" and "Head Hunter." There's even a tribute to our soldiers, "Fallen Heroes." Mixed in with various song introductions, guitar jams and sound effects, the listener is given the total rock n' roll experience. The music, itself, features two, three and four part harmonies, reminiscent of the Doobie Brothers; the guitar power and energy of Foghat; the boogie back beat of Little Feat; the comedic tongue-in-cheek classic rock styling of Cheap Trick; and the duo guitar harmonies of Thin Lizzy. This is music for the common man; music that everyone can relate to, and maybe, even experienced themselves. You may even know someone that is just like "The Mellow Yellow Man," Little Miss Innocent," the guy who gets the last laugh in "Laughing Jack," the party girl in "Rock n' Roll Queen," the fantasy "Dream Girl," the down and out drug and alcohol fiend in "Whiskey and Sin," or the pampered princess in "Tend to your Garden." "The Spirit of Rock and Roll" from the Captain Howdy Show is the CD to buy to play at parties, at the beach, in your car for friends or at any get-together where you want to blow away people with something they've never heard, but will enjoy and be entertained at the same time. And after you tell them who it is, you put the icing on the cake when you tell them that it's only one guy playing everything. They won't believe it, and you'll impress them with this musical "find" and your extensive music know-how. So, do yourself a favor. Treat yourself to something special. Pamper yourself.
