One of the hardest things to get to grips with when you start out on your Internet marketing career is that money is quite easy to come by if you put your mind to it. As workers were told from an early age that we must work for our money and that hard work equates to financial reward. Rubbish. Complete and utter rubbish. How long would it take you to raise a thousand dollars now? Ive mentioned in previous books how Ive seen grown men in tears because they needed a little extra cash and couldnt conceive how they would get it. To them an extra thousand dollars might as well be an extra ten million! So would you have to work overtime for a month of two? Would you have to max out your credit card or go cap in hand to the bank? Listen a thousand Dollars in small change compared to the money you could make from Internet Marketing and Joint Ventures. Im going to show you how you can bring in over a thousand Dollars time after time in around 2 days maybe 2 weeks if youre starting from absolute scratch and need a little preparation work. Please let me explain.
