Inspirational spoken word, and relaxing music is intertwined to motivate you to live your life in "full expression." 49 MP3 Songs SPOKEN WORD: Inspirational, SPOKEN WORD: With Music Details: Christie Taylors story reads like an epic adventure filled with near misses, struggle, strength, courage and triumph! From her lifes experiences, God has uncovered her lifes purpose. Christie has emerged as a living testament to Gods protection, presence, and position in her life. Christie fell in love with radio while a student at Oral Roberts University where she worked in the afternoons on the campus radio station, KUTA. Her radio journey has also included working in various aspects of radio in markets like Tulsa, Detroit, Birmingham and Memphis. She has also been very involved in the music industry as a singer/songwriter and has worked with various artists including Vanessa Bell Armstrong, Margaret Bell, Commissioned, Fred Hammond, Judith Christie McAllister, Donnie McClurkin and her Grammy and Dove award winning producer brother, Mooki. In addition to being the afternoon drive personality in Memphis on 95.7 Hallelujah FM, she is also the host of the ND Radio Gospel talk show, a partnership with Clear Channel and the Memphis and Shelby County Music Commission, which airs bi-monthly on 95.7 Hallelujah FM. Yet beyond her passion for media and music lies her commitment to teaching others how to discover their purpose and realize their dreams, thus Christie was inspired to create her Living LIFE seminars. According to Christie, God provided her with the necessary principles to live her own LIFE (life in full expression). That transition meant dealing with her personal tragedies and embracing her personal triumphs by using five God-inspired principles, and Christie shares those principles in her LIFE seminar, so others can unleash the life they were born to live. As a part of her continued desire for everyone to live life in full expression, Christie has embarked upon a new venture with a brand new record label, L. LIFE

Records, and is set to release her debut motivational CD entitled From My Heart: The Collection Of Inspirational Thoughts. I truly believe everyone is born for greatness and that unlimited potential lies within each of us. I wanted to share on From My Heart inspirational thoughts as I do daily on my afternoon radio show. It is my special way for me to give the listener a constant motivation throughout their day and life." Christie continues, My goal is to use my gifts and talents to inspire everyone who hears my voice to live their life in full expression.yes to the fullest! From My Heart is a 49-track album featuring mini-sermons and a song aptly entitled From My Heart written by her friend singer/songwriter Keith Barrett, Jr. who testifies that This album can be played at home, in your car, at work, and even while exercising. Christie speaks to how our purpose in life is always unfolding and this CD is a reminder to keep moving forward through your everyday situations. christietayloronline.com Album In Stores July 31, 2007!
