Two of the songs were penned by David . The song titled : " Heart And Soul " is a song that he wrote as a tribute to his Mother in 1995. David his former brother-n-law, Mr. Mike Hicks wrote the song when David's Mother was lost to the terrible disease of Alzheimers . This song is what started David's song writing and singing career . David wrote " Unforgettable Angel Of Gold " as a tribute to a dear cousin , Mrs. Ann McFadden . Her Mom had asked David to write a song about her and he had no idea at the time how to do it. Then he remembered a little gold angel that her daughters had placed on the pillow of her casket. That gave him the idea for the verses . Her marriage to her husband Mike will always be UNFORGETTABLE . She watched over her children like an ANGEL . She had a heart of GOLD toward everyone .
