Beautiful and powerful rock songs composed to free the slaves. 5 MP3 Songs ROCK: Classic Rock, POP: with Live-band Production Details: Also buy our songs on Itunes, Napster, Yahoo, etc... St. Peter is stoned. How To Win At Life has slipped through the cracks again. Do you want to hear something beautiful? We do. After staying at the Easy Going Hostel and at Terry's house, we really do want to play music and get paid for it, but that can wait. We can center the clay and oil paint, while evading traffic accidents and eating free meals. We play luscious, powerful rock music that has often been compared to Queen and Jeff Buckley. Members include Sheepdawg (Dubuque, Iowa), ScottSadlon (Cincinnati, Ohio), Mr. Prezident (Washington DC) and Ben Leon (Fresno, CA). Bottom line, this is ridiculously good music, recorded and live. Listen to it now and invest, or hear it later after we're dead and wish you had heard it when we were alive.
