7 MP3 Songs SPOKEN WORD: Inspirational Details: Conversations and Teaching on Beauty and Sexuality By Men and for Men How does a man pursue a woman? What does she want? How do you fight for her over time? And, what about our sexuality? How can we find wholeness ... there? This series begins with a talk John Eldredge gives at our mens retreats called Rescuing the Beauty. John, Bart Hansen, Craig McConnell, and Gary Barkalow then go into the studio to offer some personal stories and illustrations to help further unpack that session. Next? John shares on sexual healing and wholeness, ... including a guided time of healing prayer. Never before has this been made available outside our men's retreats. Topping off the series, the guys head back to the studio to offer some very honest and hopeful stories from their journeys. For a long time now weve wanted to speak to men--on the record--about issues men wrestle with when it comes to women and beauty and sexuality. But how to approach the subject in a way both honest and helpful? We think we've finally done it. People who are interested in should consider this download.
