METAL: Alternative Metal, METAL: Power Metal Details: Konflikt is the solo project of Ken Hill, lead guitarist of Fractured Existence, and Psychonuts. About 3 years ago, Ken decided to combine his passion for Alternative hard rock/metal, with his love of History. "I decided to start the Konflikt project, because I always enjoyed listening to music with historical themes. There seemed to be a lot of European bands (Iron Maiden, etc) that did a lot of that, but not as many American bands. There are so many interesting events that have happened in American history (not just U.S. history), many of which not even the best fiction writers could have ever dreamed up." song reviews Cortez ----- The only reference I have is to go back to music of the 70's when I consider your recording technique, your instrumentation, the way you choose to use it, the lyric content, the arrangement.... Outside of that, I don't know what to say... Ya got me as a fan. I'll play this more than a few times...
