Details: The Pickle Jar is my second album of original music. It is a collection of songs about a few pickles I've found myself in, that turned out to be blessings. This album features remarkable musicians from Portland, Oregon including Drew Shoals on drums, Jamie Stillway on guitar, Arthur Parker on bass, Skip von Kuske on cello, and me on vocals and piano. The music on this album explores many different genres from something Alison Krauss-esque, to old-timey jazz, to country, to funk, to classical, to electric rock. Meanwhile, the lyrics are what drive each song on their journey of self-reflection and through the battle between the mind and the heart. I hope that you enjoy this new creation.
