Somewhere between Shawn Colvin and Stevie Nicks... Evocative and honest lyrics paint memorable pictures for the soul. 11 MP3 Songs FOLK: Folk Pop, COUNTRY: Country Folk Details: Growing up on a ranch outside of Napa, California, Lily Wilson discovered at a young age a thirst for new experiences and different cultures that has led her, guitar and journals in hand, all around the world. With the soothingly honest timbre of her voice and her evocative depiction of human experience, Lily takes her listeners on a journey. We fly over the mountains of Patagonia. We watch the sunset from an L.A. sidewalk. All the while we feel the beat of universal truths: love, loss, and the evolution of our souls. Gaze through the eyes of these songs and see something you may already know, but may have forgotten. Lily has released three C.D.s on which she has collaberated with top artists from London, Hawaii, Nashville and Los Angeles. She is currently touring to promote her latest release, "Stargazer."
