Outerhope was formed when siblings Mike and Micaela Benedicto decided to collaborate on songs built with minimal instruments: guitars, keyboards, and vocal harmonies. Outerhopes sound is introverted, absent-minded, and whimsical in parts. Their fi 11 MP3 Songs POP: Folky Pop, FOLK: like Joni Details: Outerhope was formed when siblings Mike and Micaela Benedicto decided to collaborate on songs built with minimal instruments: guitars, keyboards, and vocal harmonies. Outerhopes sound is introverted, absent-minded, and somewhat whimsical. Their first attempt at studio recording is the independent album Strangely Paired, a collection of songs that have constant references to transitions and forms of travel, set in a foggy atmosphere. Joon Guillen completes the band by providing electric guitar parts in live performances.
