A Heady mix of Reg's new funky tunes and a re-working of some old classics from his time as lead singer with the Ibotsons during the Madchester scene - It's Funky Man 11 MP3 Songs POP: Today's Top 40, POP: Quirky Details: What happens when two of Madchesters great survivors meet up again after 12 years. The answer is Out of Darkness came the Light, a marriage of all that was good about Madchester and the fusion of 12 years maturing on the fringes of the musical voyage. The album is a heady mixture of new songs and a re-working of tunes that bubbled under during the Madchester days. I hope you enjoy the album as much as we enjoyed producing it, all the best from Reg White and friends.
