Wild Irish, Book Four In high school, Lily was too shy to do anything about her feelings for her best friends, Justin and Killian. Now she's ready to put to rest her regrets with a proposal that might shock even her oversexed friends-the three of them, together, one night, multiple positions. K and J are more than a little surprised to see Lily at their ten-year reunion. The plain Jane they remember is now a stunning woman-who wants to have sex with both of them. Who are they to deny her? Even if Killian suspects they might be treading on dangerous emotional territory. The night stretches into the weekend and, as K suspected, none of them want it to end. But he and Lily know people live in pairs, not trios, and they call a halt now, before it's too late. Justin, however, knows a good thing when he sees it. He's ready to fight for what he wants...what they all need. He just has to convince Lilly and Killian that unconventional can also be extraordinary.
