Keyword(s) and Keyphrase(s). Notice there are more results when using hyphens, if you need to expand your search on your favored niche. Question! Why Brainstorm Domain Generator Is Better Than Other software available on the internet? Answer? There is no other software on the internet that: Finds long tail niche domains. Instantly Registers your domain for you, including updating DNS info. Adds your new domains to your Webhost in seconds. Gives you the choice of Hyphenated or non Hyphenated domains. Hey Peter, I think this software is a great idea :), I hate going through all the steps in registering and hosting my domain every time, plus it finds the longtail for my domain? This is a very unique software that i never even thought of. I'm gonna pass this info to any my friends. Great idea Pete wallstreeterww Hey Peter, This is a nice timesaving piece of software and I hope I can get it to work for me coz it'll save me a chunk of time and effort and cost me no more than I currently pay Andrew Pete, I got your email about this. This is going to save me a lot of time finding domains. I hate trying to find domains by hand. I just started it up and did a quick search and I found about 30 domains on my keyword. I exported them to a text file since I wasn't looking to buy one right away. Anyway thanks for this. Rick Hey Pete, Well if that's not a deal I don't know what is! I could spend over an hour doing all these tasks for each domain I register - sometimes more just looking for a good name! This is going to save me so much time and time is money!!!! Cashcow..
