

Concentration Exercises - Grigori Grabovoi

[DOWNLOAD HERE](#)

The following exercises for every day of the month serve the development of a consciousness that is able to give a positive and pleasant direction to your life. This new awareness is able to produce or to maintain health on all levels of your being and create harmony with the heartbeat of the universe. I recommend that you dedicate a little time each day to the exercises in this book. For each day of the month there are three exercises that correspond to this day. The concentration exercises initialize a process that leads to a guiding of events in your life. This is accomplished through a number of various techniques. During the concentration process always keep the concrete goal that you wish to achieve in mind. Clearly see the goal you want to reach.
