Small town images set to country folk grooves. 11 MP3 Songs COUNTRY: Country Folk, COUNTRY: Country Rock Details: This 1993 release is the first of four Joens projects produced by Bernie Larsen. Laying the foundation for years to come, small town images abound on OMAHA, from lives in disrepair (Everything's Broken, Cryin'Time (Patsy)) to fond memories of a grandmother (Lizzie's Place) to a wonderfully rollicking take on Roger Miller's "King of the Road." Ian McLagan, JT Thomas, E.G. Daily and Larsen lend their talents.
