Traditional, nostalgic, country storytelling 10 MP3 Songs COUNTRY: Country Folk, COUNTRY: Traditional Country Details: Hey, Dad..., let's take a ride down some Old Dirt Roads through The Dark Parts Of The Forest and see if we can find The General. When we get to Franklin's Ferry maybe we can stop and do some Fishin', or just sit under The Thompson Family Tree and Listen To The River while Preacher Bill tells us again about Grandpa's Friend. Does this sound like fun? Then come along while Dave Saunders takes us back to the same magical, mystical, memorable place he took us to with his previous collection of nostalgic story songs. Where is it? Well, it's in our minds and memories, and it's also on Dave's latest CD, simply called Fishin' . There's a brand new cast of colorful characters, in some places Dave hasn't taken us to before, and like life itself, there's some more nostalgia, more humor, and yes, a little more tragedy. As you might expect, there's also a story about the big one that got away, but there's a whole more to Fishin' than that. C'mon along, you'll enjoy the trip.
