

Mp3 David Clement - Your Free Gift

[DOWNLOAD HERE](#)

"a solid assemblage of inventive lyrics and melodic alt-rock guitars that falls somewhere between Sonic Youth, Eels, R.E.M. and Wilco" - Performing Songwriter Magazine 12 MP3 Songs ROCK: Progressive Rock, ROCK: Americana Details: As long as it says so right here, all proceeds for the sale of this CD will be donated to the American Red Cross for the purposes of helping survivors of hurricane Katrina.

_____ Liz Phair's pal David Clement suffered though more than his share of major-label nightmares while bringing this sophomore disc to the public. Which is a shame, because YOUR FREE GIFT's skewed melodies, spot-on instrumentation, and propulsive pop-rock (a la David Byrne fronting the Attractions) makes for an effervescent, surprisingly substantial listen - like a candy bar that's somehow good for you. Hopefully the "kids" can get their hands on this baby somehow - Nick, SLATCH.COM***** _____ "The breathy vocals are a sharp contrast to the hard-driving music. And the tug-o-war between the two elements create a tension that's hard to ignore. The production is so over-original that it technically breaks new sonic ground. It's rare to find such a revelation in original music. Not only are the lyrics deep, but the music, the production, and the vocals all blend in some multi-layered smorgasbord to create a type of complex maze...decipherable only if one allows the subconscious to take control. Hard to believe that humans could operate at such an atmospheric realm." -Independent Songwriter Magazine*

_____ "Quirky, adventurous and stubbornly intelligent..." - Jason Warburg, THE DAILY VAULT** _____ "This is really a great album consisting of avant garde rock with intriguing song writing." - J-Sin, SMOTHER.NET***

_____ The music is diverse and shows David as quite an adaptable singer/songwriter and a good judge of musicians. The music on YOUR FREE GIFT is ready for

mainstream and has enough twists to keep it different. This intelligent songwriter may have his day in the spotlight yet. Try if you like: Big Head Todd, Aimee Mann - MusicEmissions.com*****

_____ "smart ... hypnotic ... honest" - Gregg Shapiro,
WINDY CITY TIMES / NEXT MAGAZINE**** _____ "...the
CD becomes more compelling with each play... catchy and smart." - Melton, E-PULSE (TOWER
RECORDS)***** _____ "It's main merit is that it takes
difficult and idiosyncratic songs and makes them catchy and personal with effective melodies. The sound
of vintage keyboards and vocals overdubbed in ingenious choruses grab the attention of the listener..." -
Salvatore Patti, MUSICBOOM.IT***** (translated from Italian by: David Warren)

_____ "The fact that YOUR FREE GIFT , by the American
singer David Clement, has ever seen the light of day may be seen as a small miracle. His acoustic debut,
"Be More Like Me", got some great reviews and got him a contract with the major label Mercury Records.
By the time Clement had finished recording his second CD, "Hard Candy", it appeared that this contract
was worth even less than the paper it was written on. Mercury was taken over by Universal,
"reorganized," and Clement was put aside. The release of "Hard Candy" was postponed without any
concrete promises for the future; the album seemed lost forever in the legal battle that followed. After a
few years and many lawsuits, Clement has claimed his right to RE-record "Hard Candy", and the result is
an astonishingly good album titled Your Free Gift. This album has ... a very uncommon yet familiar sound
that only emphasizes the high quality and clarity of the compositions, which could easily stand by
themselves. "Geriatrphilia" is absolutely amazing; this song is simultaneously witty, moving, melancholic
and astute, in a little under three minutes. With hypnotizing guitar chords and a flair for subtle lyrics, David
Clement can be found between REM, Ryan Adams and Eels, deep in the territory of accessible,
well-written alternative music." - Eelco Van Kappen,KINDAMUSIK***** (translated from Dutch by: Piete)
