Details: Who Are We? We are the Dreyer family. Twin brothers, Matt and Craig, married Annie and Cami - their collective kids are Mac age 11, Emmett age 8, Silas age 2, Finley almost 2. Whats this music all about? Our family experiences! This is homegrown in the extreme. Recorded in 11 days over 2 family vacations, this music was made for us and is just too good not to share. Who is it for? Some songs are about and for little ones; many are for school age kids; some are loved by the tweens in our lives; and many come from the parents perspective and have been known to make grandparents cry (you know who you are). In short, this is not a toddler CD but a CD that just might take the whole family on a musical journey while on that family road trip. The songs keep coming, the experiences keep happening and there really is no better way on the planet for a musical family to spend time. Even as the kids get older its great to watch them incorporate their ideas and instruments. So, this record is not FOR kids but includes them. From the perspective of all family members. Its genuine and we are very happy to have this musical memory of these young years with all of us really singing with actual smiles on our actual faces!!
