

Mp3 John Ellis - Once Upon Time

[DOWNLOAD HERE](#)

Blurring the lines between styles and emotions, this is an orchestral and synthetic adventure of fantasy. 10 MP3 Songs CLASSICAL: Contemporary, ELECTRONIC: Virtual Orchestra Details: John Ellis second CD, Once Upon Time, is an emotional and powerful instrumental collection. According to one listener... John demonstrates a phenomenal amount of talent, but more importantly creativity and originality, a rare and highly sought-after combo. Once Upon Time is a musical fantasy. A musical adventure, written as a stage for the imagination. Something of a cross between Manheim Steamroller and Stravinsky, it is an emotionally charged album that gives you the chance to explore your story through music. John is a self-taught musician, composer, arranger and programmer. His compositions exceed his age and experience by years. John lives in Wisconsin with his wife, Rachel.
