

Mp3 Kineto - Transform

[DOWNLOAD HERE](#)

Ever so slightly Demented 13 MP3 Songs ROCK: Math Rock, ROCK: Progressive Rock Details: Kineto brings together the individual ideas of four musicians to create a dark and unpredictable sound with obscure, thought provoking lyrics. It includes Rick Audet, who delivers the inventive noise guitar and precision fretwork; drummer Noah Appleton, providing the foundation with his technical yet tasteful rhythms, and Forest Huggins, who cleverly expresses his eclectic weirdness on the vocal mic. Rounding out the band is founding member Dan Menapace, who blends trippy, intense bass lines with modern samplers, which adds the definitive color to the Kineto palette.
