So casual, yet nasty. Mid 60s-inspired groovy go-go cinema space spy surf with a twist. Add snappy horns, twangy guitars, driving rhythms - mix briskly and serve. 45 year-old hispanic men and the italians go wild for it. 18 MP3 Songs EASY LISTENING: Lounge, ROCK: Surf Rock Details: Priority Communique: Eyes Only: Codename: Twist Heavily influenced by go-go, twist, surf, spy, lounge, TV underscore, and soul music of the mid-to-late 1960's, The SG Sound might be described by some as "retro," but to do so would ignore the many unexpected flavors that permeate this aperitif. Consider the typical backbone elements of the SG orchestra: Drums, Horns, Guitars, Mallets, Bass. These boys got moxie and when they drive they drive hard. Sometimes, they get downright zombified in a go-go trance. Like Jekyll and Hyde, they can be your playful, jazzy best friend one minute and turn cruel and unusual the next. When properly harnessed, however, this volatility serves to make The SG Sound uniquely flexible. Whether you're taking a lighthearted dip in your Palm Springs grotto or plotting to knock over Fort Knox, the discerning audiophile knows that The SG Sound makes every activity and environment more vivid. In your Hi-Fi collection, file under: Hooks, Poolside, Stereo Test, Atom Smash, Ejector Seat, Plastics. Physicians Warning: May induce the twist response. THE PLEASURE CENTER - HIGHLIGHTS: Dig the nutty cool SG version of the 80's Whitesnake hit "Slide it in"! Thrill to preview tracks from the upcoming space travel a go-go launch ESCAPADE VELOCITY, featuring original and classic space film themes done in the inimitable SG Sound style and more.
