

Mp3 Totakeke - Forgotten On The Other Side Of The Tracks

[DOWNLOAD HERE](#)

Futuristic Industrial rhythms meets uncompromising complexity with all the innovation and quality you have come to expect from this master of abrasive and melodic electronic music. 13 MP3 Songs in this album (69:52) ! Related styles: ELECTRONIC: Industrial, ELECTRONIC: IDM People who are interested in Skinny Puppy Autechre Venetian Snares should consider this download. Details: Out now on Tympanik Audio is the companion CD to Totakekes critically-acclaimed album eLekatota - The Other Side Of The Tracks appropriately titled Forgotten On The Other Side Of The Tracks. 13 new and forgotten Totakeke masterpieces from the At The Train Station On A Saturday Evening and eLekatota album sessions, seamlessly mixed and mastered to flow like a new collection of work. Futuristic Industrial rhythms meets uncompromising complexity with all the innovation and quality you have come to expect from this master of abrasive and melodic electronic music. Side-Line magazine calls Totakeke impressive with the potential to become a reference in the current Industrial scene and Igloomag says original a widely varied and ever-changing sonic soundscape of moods, textures, rhythms and atmospheres. Includes hard-hitting remixes by Lucidstatic, Pandoras Black Book, and Terrorfakt. Intelligent Rhythmic Industrial at its finest Another hit for Totakeke, who fuses the best aspects of various genres, creating complex structures that are rich, sharp, and stunningly cinematic. This is an artist that surprises and satisfies with unrelenting imagination that refuses to diminish. - They Fell
