Relaxing, new-age-type music with all kinds of nice guitars surrounded by grooves and atmospheric sounds. Music for spiritual relaxation and healing. 12 MP3 Songs NEW AGE: Relaxation, NEW AGE: Ambient Details: Most tracks on this CD were recorded in hospital in one of the most difficult situations of my life. Due to several circumstances I found myself playing and recoding my guitar into the laptop surrounded by tubes in my nose and arm. I was happy to have a roommate who was able to sleep while I was playing... and even more happy to have Jesus (Yeshua) save me from this sickness. May this music draw you into the Lord's presence and allow you to experience His power of healing and grace. Thanks to: my wife Renate and my daughter Charlotte for their love; Jobst Charlotte Bittner, all members of Be'er Sheva and Ted Pearce for their friendship and support. Special thanks to TOS and everybody who prayed for me...I believe in miracles! Godin guitars and Sven Harnisch at Roland/Boss for technical support. The tabernacle was established under King David. It used to be the place where especially chosen people, the Levites, worshipped the God of Israel 24 hours every day and brought sacrifices before they were able to enter the tabernacle. Since Yeshua (Jesus) gave Himself as the ultimate sacrifice on the cross, everyone can enter the presence of God. We have experienced that we can enter His presence with a humble heart and appreciation at any time and place. He is waiting for you. What a blessing to meet and worship the Living God! All programming mixing, accoustic-, electric- and classical guitar, fretless guitar, guitar synth, mandolin and bass by Walter Grund. Mastering by Philip Janz at Hi-Tyme Studios, Canada. All songs copyright 2006 by Walter Grund. about Walter: Over 30 years of daily coughing has sort of ruined Walter's voice - or made it unique depending on the point of view. Walter has not allowed this desease to put him down. He would grab his guitar, practice and play for hours. This "lifestyle" helped to shape the depths of Walter's music, songwriting and playing that makes the difference

to the thousands of talented virtuosos. Walter's talent got into shape with 9 years of classical guitar training, one year at Musician's Institute (Los Angeles) and four years at one of Germany's best Music Universities (Stuttgart). He graduated both with excellent results. In 2006 first fruits started to fall off when some of Walter's songs written in a German hospital got released as a CD-title track in the U.S. Striking lyrics, blended with Jazz-sounds and the simplicity and power of rock rhythms got acknowledged through several releases on the Sony/BMG/Provident label "Galilee of the Nations". Walter also recorded his second instrumental album "tabernacle" combining acoustic guitar sounds with modern grooves. It got distributed by ASAPH in Germany. So far he produced 5 albums for his Christian band "Be'er Sheva", distributed in Germany by ASAPH. Walter is music director of the international ministry TOS that reaches into 7 nations. His songs got translated into several languages and sung in churches in the United States, Latin America, Greece and Belarus. He transcribed hundreds of songs for music books, translated lyrics for publishing companies in the USA and Germany. He's a staff member of the Worship Academy and has written and produced the teaching-DVD "Acoustic guitar basics" in German language. Walter also works as a representative for the Roland/Boss company in Germany. When you close your eyes and listen to his music you'll be able to imagine pictures and movies. These sounds are brought up from a deep well...enjoy! People who are interested in Yanni Vangelis Andreas Vollenweider should consider this download.
